

Openings for interns interested in getting hours for certification in addictions and their counseling programs. I am a LCADC in private practice and have some contracts that will be in Baltimore City for doing initial substance abuse assessments and also some group work. Interns will be supervised, trained and hours will be documented. Social Work students welcome if you are interested in hours for substance abuse certification. Contact: Kathleen A McInerney, M.S., LCADC at 443-889-1467.
