Nurse: Northern Parkway Treatment Services (NPTS)

We are currently seeking a licensed nurse (LPN or RN) to perform dispensing duties at our new methadone clinic. The position is 30-35 hours weekly, Monday through Friday and rotating Sunday coverage. Dosing times are 5:00a-10:00a on the days we are open (all days except Saturday). The nurse will be responsible for dispensing methadone, documentation of medications and dosing changes, correspondence with the physician and other clinical staff, in addition to other various duties.

NPTS is a new methadone treatment agency opened in August 2014. We operate in a standalone building that has been completely renovated. On-site parking is available at no cost. The agency is conveniently located at the intersection of Northern Parkway and Harford Road; approximately 5 minutes from the beltway.

Salary is based on type of license held and experience in the field of substance abuse treatment.

If you are interested in being part of a rapidly growing agency, please fax your resume to:  
410-220-0703 (fax).
