Baltimore, MD 21215

Business:

Alternate Number:

Fax Number:

443-878-4229

410-367-4447

Organization Status: Community Organization

Service Description

Care Coordination will be managed at two locations by a Senior Care Coordinator and incorporated into Gaudenzia's treatment continuum. The team of coordinators will be collectively responsible for transitioning clients to the next level of care (if appropriate) by removing barriers, providing reminders, conducting outreach and developing and maintaining relationships with services and programs. These linkages will include but not be limited to treatment, family counseling, health care (including assistance and applying for PAC and Medicaid when applicable), employment, legal assistance, housing, child welfare, social services, transportation and peer-support providers.

The Care Coordinators will interface with clinical staff for review and verification of recommended services, identification of health care and recovery support needs, initiating referrals to the clinically recommended level of care and maintaining contact information. They can assist clients with scheduling appointments, arranging transportation and understanding any instructions they may receive. The Care Coordinators will work as part of the treatment team which establishes a Recovery Plan in coordination with patient and primary clinical counselors. The Care Coordinator will continue to provide these services post discharge for a period of 6 months.

Service Description

Gaudenzia provides comprehensive community-based substance abuse treatment, mental health treatment and primary medical care services. Gaudenzia strives to provide professional, flexible, responsive treatment to meet the treatment needs of each client. Gaudenzia's staff is client-centered and an emphasis is placed on empowering clients. Gaudenzia used a modified therapeutic community modality and has been a treatment provider for over 40 years.

Gaudenzia offers an extensive range of services including detoxification, intermediate care, halfway house services, intensive outpatient and outpatient addictions treatment, long-term residential services and coordination of psychiatric services, individual therapy and a dual recovery program.

Gaudenzia offers a structured halfway house program in a new building which houses our long-term residential treatment program for males. Gaudenzia provides a network of support in Baltimore City and provides a full continuum of care. Gaudenzia also has job readiness and vocational services to help those meeting the challenges of early recovery.

Admission: Ability to undertake daily living skills, participate in a modified therapeutic community and zero tolerance for illicit drug or alcohol use in residential treatment.

Service Description

Maryland New Directions, Inc. (MND) is a private non-profit career counseling and job placement agency dedicated to assisting people to remove barriers to successful employment. Our counselors have successfully worked with individuals with criminal records, substance abuse, disabilities, and little or no education and/or work experience. A combination of employment readiness training, individual/family counseling and computer classes create success. Last year our job-seeking participants gained employment at an average wage of \$10.58 per hour. Employers ranged from Johns Hopkins Hospital, Chimes, Aramark, Radisson Plaza Hotel, Premier Window and Doors, and many more.

Make an appointment to talk to our counselor to make a successful start in the world of work!

Service Description

No Turning Back, Inc. Supportive Housing and Services started in May 2004. We are located in a decent area of Baltimore City called Pimlico. There are two locations where seven men live at each house. We have a combination of single and double rooms at our Oakley Ave. house (Certified Recovery House) and single room occupancy at the Ulman Ave. house, which is the transitional location.

The program is community-based with the idea of integrating our men back into their communities as responsible men. We do that with a holistic approach to recovery that includes five essential areas: Spirituality, Mental Health, Physical Health, Family Life and Personal/Professional Success. Our services include pastoral counseling, job readiness training and halfway/recovery and transitional houses.

No Turning Back offers services in Spanish.

We have a combination of single and double rooms at our Oakley Ave. house (Certified Recovery House) and single room occupancy at the Ulman Ave. house, which is the transitional location. The program is community-based with the idea of integrating our men back into their communities as responsible men. We do that with a holistic approach to recovery that includes five essential areas: Spirituality, Mental Health, Physical Health, Family Life and Personal/Professional Success. Our services include pastoral counseling, job readiness training and halfway/recovery and transitional houses.

To qualify for entry into the No Turning Back Program a potential resident must have at least (30) thirty days of clean time, he must pass an interview that involves all members of our program and staff and have an honest desire to change and rebuild his life. We believe that our time and space are valuable so if there is any question about your sincerity of changing your life, this may not be the program for you. There is a modified black-out period for all residents (Recovery House), which means that you would have to do ninety NA or AA meetings in ninety days, curfew at 8:30PM daily, chores to be completed weekly and sign in and out sheet used for ninety days. We have two group meetings per week and a house meeting on Saturdays. Our transitional program requires a minimum of six months clean time, thirty NA or AA meetings in thirty days and an interview process as stated above.

Once accepted into the program, our staff clinician will assist the resident in forming a treatment plan and discuss short and long-term goals. The clinician will follow up bi-weekly for a short period as he determines needed and then once a month.

Men who acquire jobs or are attending vocation training or attending school or college will be allowed to do those things as long as the staff agrees that other requirements are met. We believe that some activities enhance the growth process and that every individual is assessed according to his independent needs and desires.

No Turning Back offers services in Spanish.

Organization Status: Community Organization

Service Description

AHRC Care Housing Program is designed to provide a clean, safe, nurturing, caring and structured environment to help strengthen, empower, rebuild & restore individuals for a successful transition into their community. Our program utilizes a holistic approach to assist the individuals in their personal recovery as well as aid them in achieving an optimal level of functioning (spiritual, mental & emotional).

A potential resident must pass an interview that involves all members of our program and staff, agree to *drug* screening & have at least (30) thirty days of clean time and have an honest desire to change and rebuild their lives. This may include getting involved in activities that promote positive outcome and productive life styles. Through a coordinated joint effort with our client, AHRC Care requires an initial two-week monitoring period to observe all new clients which may not result in blackout periods. The program maintains a curfew policy of 9:30 p.m. on weekdays & 11:30 p.m. on weekends.

Our program provides empowerment education, smoking cessation referrals and linkages to other community resources like Alcoholic Anonymous Support Groups (AASG), Pastoral Care, workforce development and other services to improve quality of life.

Service Description

Deborah's Place is a supportive house for women who suffer from drug addiction or alcohol abuse. Established in 2008, Deborah's Place has assisted countless woman in getting their lives back together in the Park Heights community. Deborah's Place's mission is to provide a place for woman to transition back into society after losing their battle with drugs or alcohol. Deborah's Place does not have a blackout period but we do have a two-week monitoring period. The purpose of the two-week monitoring period is so that we can observe our new client.

One of the requirements for entering Deborah's Place is that the client has to be drug-free for at least 30 days. Also, we have an intake packet that has to be completed. It explains the rules and regulations.

Deborah's Place is in the business of helping people; we understand that every now and then a person might need some assistance to get to where they need to go. The typical length of stay at Deborah's is 6 months to a year. Another requirement is that if you are not working or in school, you will have to attend a Narcotics Anonymous meeting every day. If you are working or in school, you will have to attend a meeting at least three times a week. Deborah's Place also takes urinalysis three times a week. There are also two in-house meetings every week to attend.

Service Description

Grant House Inc. is a non-profit organization that assists and encourages women who want to aspire, achieve and appreciate the advantages of a healthy, drug-free lifestyle. Utilizing and providing a myriad of resources, we are able to assist residents as they navigate the paths they've mapped out to execute & achieve short and long-term goals. Our resources include but are not limited to individual counseling, group meetings, including the 12-step program (NA/AA), mental health counseling, and inspirational sessions for all. We work with residents who want to obtain a General Education Diploma and we assist with career placement with various workshop programs. Grant House is a 24 hour 7 days a week transitional housing program. In any case we are here to take any resident in need of a supportive housing program.

The founder of Grant House Inc has traveled some of the same roads as many of its residents. Having that in common and sharing similar backgrounds gives the founder a unique understanding of its residents' struggle. That's why we view Grant House Inc. as more than a business. We like to treat our residents as family. The health and well-being of our residents are important to us. We work toward being able in some small measure to be a part of our residents' successes, as they blaze through new trails and break down barriers. To move mountains is a blessing to all. Grant house is a safe and sober living environment.

Grant House welcomes all new residents with a start up kit once entering the program which contains the following items

- A sheet set
- 2 tooth brushes
- toothpaste
- A bar of soap
- wash clothes
- 1 bath towel
- Deodorant

Organization Status: Community Organization

Service Description

The Maryland Community Health Initiative/Penn North Housing is successfully transitioning men back into the community to become productive members of society. We do this through positive peer modeling that reinforces the chance of not returning to old behavior.

We at Penn North Housing have dedicated ourselves to be a part of this positive change. We have

- House Managers on site
- Random Urinalysis
- 12-Step NA and AA Meetings on site
- Job Preparation, GED and Computer Literacy Program
- No Blackout Period

We are located near all major bus lines and the subway. We are 10 minutes away from the Inner Harbor and 5 minutes away from Mondawmin Mall, and we are 5 minutes away from the Penn-North Library.

Hours of Operation: 8 a.m. - 8 p.m., 7 days

Service Description

We offer a clean, safe and drug-free environment in a completely modern and spacious house. We have 4 bedrooms with only two beds per room, tv and closet space for short- and long-term clients. We are very close to downtown Baltimore and on major bus routes. Our family room has HBO, Showtime and Cinemax for all of the latest movies and local programming. We offer WiFi service with local telephone calls. Each person is treated like an adult with no "Black Out" period.

Organization Status: Faith Based

Service Description

No Turning Back, Inc. Supportive Housing and Services started in May 2004. We are located in a decent area of Baltimore City called Pimlico. There are two locations where seven men live at each house. We have a combination of single and double rooms at our Oakley Ave. house (Certified Recovery House) and single room occupancy at the Ulman Ave. house, which is the transitional location. The program is community-based with the idea of integrating our men back into their communities as responsible men. We do that with a holistic approach to recovery that includes five essential areas: spirituality, mental health, physical health, family life and personal/professional success. Our services include pastoral counseling, job readiness training and halfway/recovery and transitional houses.

To qualify for entry into the No Turning Back Program, a potential resident must have at least (30) thirty days of clean time, he must pass an interview that involves all members of our program and staff and have an honest desire to change and rebuild his life. We believe that our time and space are valuable so if there is any question about your sincerity of changing your life, this may not be the program for you. There is a modified black-out period for all residents (Recovery House), which means that you would have to do ninety NA or AA meetings in ninety days, curfew at 8:30 p.m. daily, chores to be completed weekly and sign-in and out sheet used for ninety days. We have two group meetings per week and a house meeting on Saturdays. Our transitional program requires a minimum of six months clean time, thirty NA or AA meetings in thirty days and an interview process as stated above.

Once accepted into the program, our staff clinician will assist the resident in forming a treatment plan and discuss short and long-term goals. The clinician will follow up bi-weekly for a short period as he determines needed and then once a month.

Men who acquire jobs or are attending vocation training or attending school or college will be allowed to do those things as long as the staff agrees that other requirements are met. We believe that some activities enhance the growth process and that every individual is assessed according to his independent needs and desires.

No Turning Back offers services in Spanish.

Service Description

Nu Direction (ND) is a supportive housing program. Its mission is to support men who need to transition into society from a lifestyle which kept them bound on drugs, alcohol and incarceration. ND is a non-profit 501(C)(3) organization. Our goal is to connect residents with opportunities and resources that will make their transition possible. We have two houses located in east Baltimore which offer residents in-house NA and AA meetings, group counseling, family visits and HIV awareness.

Nu Direction is conveniently located on MTA #5 public transportation.

Service Description

One Promise is a Transitional/Recovery housing program located in Baltimore that is dedicated to providing safe, clean and supportive housing for men, women and women with children in an environment tailored around the 12-Step Recovery Program for those recovering from drug and alcohol addiction. Our men's recovery houses are located at 616 Wildwood Parkway, 447 N. Milton Ave., as well as 823 N. Lakewood Ave. Our women's recovery house is located at 4220 Harford Terrace and our women with children house is located at 4622 York Rd. All of the houses include cable, phone, Wi-Fi as well as a washer and dryer. Our philosophy is to educate and empower those we serve. We are committed to redefining the standard of care and creating a safe, positive environment to build a foundation for lasting recovery.

All of our primary staff members at One Promise are in recovery themselves. Their experience and knowledge of the recovery process is intended to give hope to those who are new and unfamiliar to the recovery process. These staff members will help guide them in the transition from active addiction to this new way of life by demonstrating what it takes to become a responsible and productive member of society. Since our staff members are in recovery themselves, they are very familiar with the challenges that face someone new to recovery. In addition to having first hand experience, many of our staff members are employed in the field of recovery, holding various positions such as Court Liaisons, Addiction Counselors and Program Directors.

Service Description

All our houses are walking distance to public transportation, support meetings and job opportunities. Our houses are based on the foundation and importance of living together in a positive environment. Our primary goal is to provide clean, safe and structured houses to residents that struggle with alcohol and substance abuse behaviors. We serve both men and women across the state. We work with all courts, agencies, hospitals and any group that is trying to make a positive impact on this important social issue. Door-to-door transportation is available.

Stepping Stone Recovery Houses is a member of The Maryland Recovery Housing Association.

Service Description

Haven House, Inc. operates a 10-bed male halfway house facility (Level III.I) clinically managed low intensity treatment program that is certified by the DHMH ADAA.

Our program offers services to patients for a period of nine months. During the course of the program, patients receive a minimum of 5 hours of treatment services per week which may include group counseling and individual counseling. The areas of counseling include, but are not limited to, relapse warning signs and prevention, developing and applying recovery skills, personal responsibility in recovery and reintegration to society.

Haven House, Inc. was founded in 1970 and is the oldest halfway house facility on the Eastern Shore of Maryland.

Service Description

(Harford County ATR Clients **ONLY**)

The Mann House is a 12-bed halfway house facility for male clients located in Bel Air, MD (Harford County). This house offers a Level 3.1 ASAM level of care and incorporates structure into the day-to-day lives of men in early recovery.

Clients interested in engaging in treatment through this facility must first interview face-to-face with both the Operations Manager and the Clinical Supervisor to ensure that the client seeking treatment is an appropriate fit for the house and to assess motivation.

Once engaged in treatment, all clients are expected to maintain full-time employment, pay their rent and other financial responsibilities as well as continue to actively participate in all house activities (scheduled dinner times, chores and group building exercises). Additionally, while residents are in treatment they will be required to engage in...

- Two group therapy sessions per week. (One Relapse Prevention and One Life Skills Group)
 - Two individual therapy sessions monthly with the house's Clinical Supervisor who is certified in Relapse Prevention therapy.
 - Weekly house meetings during which clients discuss struggles and successes in recovery.
- The house is close to 100's of local businesses, convenient to the LINK bus system and maintains a good relationship with the community.

ONLY CLIENTS ENROLLED IN HARFORD COUNTY ATR SHOULD CONSIDER APPLYING AT THIS TIME.

Organization Status: Community Organization

Service Description

The *W* House Foundation, Inc. is a 17- bed facility offering a wide variety of services to women who are recovering from drug and alcohol dependency. *W* House provides a home-like environment that's accessible to public transportation and opportunities for independent growth and responsible community living. The program is designed to assist women by providing the structure and support services necessary for them to maintain a healthy, productive and chemical-free lifestyle.

The *W* House offers professional addiction treatment services combined with a structured residential recovery environment to promote and support women in recovery. There is 24-hour staff coverage to address the needs of women early in recovery. We combine different approaches to treatment. The psycho-educational model is used in which we focus on relapse prevention, lifeskills and participation in twelve-step fellowship to help provide residents with a foundation on which to base their recovery. We also combine elements of an individualized treatment program in which residents of the *W* House strive to understand the relationship between their own personality, life situation, and substance abuse. We perform biopsychsocial assessments and form individualized treatment plans that are based on the needs of the individual. Treatment is directed toward applying recovery skills, preventing relapse, promoting personal responsibility and reintegrating clients into the worlds of work, education, and family life.

Our program provides six to nine months of treatment to assist and monitor the client's re-entry into the community. Each individual is expected to follow the rules, obtain employment, attend 12-step fellowship meetings, perform household chores, attend aftercare addiction services and participate in individual and group counseling on site.

Service Description

Great Compassion Ministries is a Christ-centered recovery program for individuals who are recovering from alcoholism and addiction. Our mission is to create a supportive, loving, safe and clean Christ-centered environment in which clients can focus on personal growth and recovery. Great Compassion Ministries utilizes Alcoholics Anonymous, Narcotics Anonymous, Celebrate Recovery meetings, regular in-house spiritual direction, life-skills training, and required steady employment to help our residents fashion new and productive lives for themselves. Residents are required to follow the house rules and the program set forth by the director in order to prepare the clients to re-enter society. There is zero tolerance for drug and alcohol use while residing at GCM.

Service Description

Peaceful Waters is a faith-based sober home whose mission is to help, house and heal recovering women in an environment of hope. We believe that substance abuse addiction is a disease that can be treated with the help of counseling, behavioral changes but most importantly spiritual growth.

We provide living arrangements in a peaceful and loving atmosphere to help promote wholeness and wellness and a sense of belonging. Within our caring and supportive structure, women grow spiritually, emotionally, and physically to become fully the person they want to become. We strive to help them become active within their community, linked to a place of worship, and supportive to their families.

Limited transportation.

Program Requirements

- 18 years of age or older
- Minimum of 5 days drug and alcohol free
- Previous treatment in a program preferred
- Mandatory church attendance – weekly
- Daily 12-Step meetings
- Attend all classes offered
- Bible study daily
- Obtain and maintain employment (unless receiving disability benefits)
- Adhere to program rules (chores, curfew, community service, etc.)
- Agree to a minimum of nine months residency

We accept referrals from recovery programs, the legal system, hospitals or other agencies.

Hours of Operation: Referral calls accepted Mon - Fri 9 a.m. – 5 p.m.

Service Description

Nick's Place is a recovery house located in Beltsville, Maryland. The mission of Nick's Place is to provide a clean, safe, sober, structured and supervised home for young men, ages 20-26 who have completed treatment for the disease of addiction. Nick's Place serves the recovery community by assisting individuals with located resources so that they can begin to put the pieces of their life back together. The types of services we provide include, but are not limited to, job readiness, resume building, prescription assistance, legal fees and access/acquisition of vital records.

Service Description

The Samaritan House believes that a stable recovery environment enhances the potential for sustained recovery from substance abuse/dependence. Our transitional house has been providing supportive transitional housing for men recovering from substance abuse for the last 15 years.

In 2010, we completely renovated the property and added 5 beds due to increased need. Our transitional house is a comfortable, modern facility which sits on 3 acres immediately next door to our level III.1 halfway house. Our goal is to provide a stable housing environment complemented by aggressive case management to assist the residents in achieving independence and self-sufficiency. The underlying philosophy of the house is to foster individual accountability and responsibility and to encourage and support our clients through the continuum of care we feel is necessary for true recovery from substance abuse.

The criteria for admission include completion of detoxification or residential services and a commitment to sustain aftercare activities. There are specific rules designed to instill structure and discipline in the recovery process. Our transitional house is a step down from the services provided at our level III.1 halfway house, but clients must remain engaged with our main house and meet weekly with the case manager or executive director to monitor progress. There is a zero tolerance for any use of alcohol or illicit drug use, and clients are subject to random urinalysis and breathalyzer. Length of stay varies from six to nine months.

Organization Status: Community Organization

Service Description

The purpose of Second Wind, Inc.'s halfway house is to provide a structured, home-like environment for the recovering alcoholic/chemically dependent adult male. We have twenty-four hour supervision for our residents. Supervision is provided by the presence of a live-in house manager, a relief weekend house manager and the executive director. A state of Maryland CAC-AD counselor and clinical supervisor provide clinical direction and treatment planning used to direct the resident's progress in recovery.

The program is designed to help facilitate transition between inpatient treatment and independent living and to give needed support to those who have experienced relapse.

Residents are expected to remain abstinent, follow the Resident Handbook, attend twelve-step meetings, seek full-time employment and begin the task of cleaning up the wreckage of their pasts. Residents receive individual and group counseling on the premises as part of individual treatment plans and are referred out to appropriate local agencies for such services as vocational rehab, social services and mental health services.

Second Wind, Inc. remains dedicated to its original purpose of helping chemically dependent persons regain the ability to be sober, productive citizens.

Service Description

Future Focus is a community of women who share a desire to stay clean and sober and are committed to honoring the House Rules and participating in the House process operating under the guidelines of respect, trust and unity.

Our goal is to establish a solid foundation in recovery and begin changing the behaviors that interfere with recovery. Our common welfare should come first.

Our group process should at all times be based on honesty, open-mindedness and willingness. Striving for a spiritually-based life, we will begin to grow and strengthen our recovery community.

May we always maintain principles before personalities to protect our unity, and may we always have gratitude for this opportunity and our recovery.

Service Description

Hudson Health Services, Inc. is a 501c3 private, non-profit organization based on Maryland's Eastern Shore in the city of Salisbury. Our JCAHO accredited program offers services to residents of the Delmarva Peninsula, the state of Maryland and the greater Mid-Atlantic region. Originally, the Hudson Center opened as a state-run program in 1980, but was privatized as Hudson Health Services, Inc. in 1992. Since then, we have continued to grow in our ability to serve addicted persons and their families.

Our facility offers 42 residential beds and provides detoxification and inpatient treatment services to men and women 18 years of age and over. Individuals seeking admission into our program must have a primary diagnosis of substance dependence. Clients with secondary medical and mental health conditions are disorders are accepted, provided the client is stable and able to actively participate in treatment.

We offer services in Spanish.

Service Description

LifeStyles of Maryland is a nonprofit organization founded in 1998 whose mission is to provide affordable and accessible services to meet the needs of the community, particularly focused in Southern Maryland. Our goal is to provide housing, transportation, and community services that will support individual and community development. As of July 1st, 2012, *LifeStyles* began the management of the Robert J. Fuller Transitional House for Men (Fuller House), a 21-bed facility located in Waldorf to support Charles County's men who are homeless in become self-sufficient. Our facility provides two meals per day, case management support, supportive and wrap-around services, mailing services, and 24/7 staffing to assist house participants.

Our staff is dedicated to assisting our participants in transitioning into more permanent housing within one year or less. Those services provided include: workforce development, financial management, vital records documentation, and housing resources.

County: Anne Arundel

Millersville, MD 21108

Business:

Alternate Number:

Fax Number:

410-837-3600

301-233-4964

410-837-0440

Organization Status: Community Organization

Service Description

All our houses are walking distance to public transportation, support meetings and job opportunities. Our houses are based on the foundation and importance of living together in a positive environment. Our primary goal is to provide clean, safe and structured houses to residents that struggle with alcohol and substance abuse behaviors. We serve both men and women across the state. We work with all courts, agencies, hospitals and any group that is trying to make a positive impact on this important social issue. Door-to-door transportation is available.

Stepping Stone Recovery Houses is a member of The Maryland Recovery Housing Association.
