

JOB VACANCY: CDC-Feb2015

Center for Addiction Medicine (CAM) is a busy outpatient chemical dependency organization in Baltimore City. We are celebrating over 20 years of providing confidential, courteous and professional services and we are ready to add a seasoned, full time Drug and Alcohol (Addiction) Counselor to our staff. We are committed to providing the most modern and comprehensive care available.

Job Title: **Chemical Dependency Counselor (CDC)**

***Required** Education: MD State Certified Drug and Alcohol Counselor

Preferred Education: B.A. in Health/Human Services

***Required** Experience: Two years of Addiction Counseling

The CDC chosen will clearly demonstrate their capability to perform the following:

- Document in-depth patient history & needs assessment
- Create individualized cohesive & measurable Tx plans
- Facilitate individual and group therapy sessions
- Facilitate family counseling sessions, maintaining a focus on treatment plan goals
- Demonstrate knowledge of and consistent practice of ethical counseling guidelines
- Flexible schedule may include some evening and Saturday work
- Must pass pre-employment background checks and drug screening
- Demonstrate computer literacy (Windows, Microsoft Office, etc.)
- Spanish speaking (not required; a plus)

Benefits include:

- Free garage parking
- Health and Dental coverage (portion paid by employer), HSA (portion paid by employer)
- 7 paid holidays: New Year's Day, Memorial Day, 4th of July, Labor Day, Thanksgiving Day and Christmas Day; Birthday
- Paid Trainings and 401k (after 1 year of service)
