

Maryland Prescription Drug Monitoring Program (PDMP) Pharmacy Exemption Attestation

Background

Health-General Article, Section 21-2A, Annotated Code of Maryland, requires pharmacies to electronically report to the Maryland Prescription Drug Monitoring Program (PDMP) information for each controlled dangerous substance (CDS) prescription drug dispensed to a patient or a patient's agent in the State. The PDMP requires pharmacies that are authorized to dispense CDS in Maryland to register with the Program and create a data upload account. This includes both in-state and non-resident pharmacies that hold a permit from the Maryland Board of Pharmacy and are registered with the Maryland Department of Health and Mental Hygiene (DHMH), Division of Drug Control (DDC) and the federal Drug Enforcement Administration (DEA).

Maryland law includes the following exceptions to the reporting requirement for certain types of pharmacies:

- Licensed hospital pharmacies that only dispenses CDS for direct administration to an inpatient in the hospital;
- Pharmacies issued a waiver permit under COMAR 10.34.17.03 by the Maryland Board of Pharmacy ("waiver pharmacies") that provide pharmaceutical specialty services exclusively to persons living in assisted living facilities, comprehensive care facilities, and developmental disabilities facilities.

Therefore, the above types of exempted pharmacies are not required to register with the PDMP. However, the PDMP requires that these pharmacies formally attest (using the "Pharmacy Reporting Exemption Attestation," below) that they qualify for the exemption.

Additionally, pharmacies that do not, and will not, stock or dispense CDS may be exempted from registering with the PDMP.. The PDMP will not require registration by these pharmacies if they attest to the fact that they do not handle CDS. However, these pharmacies must begin reporting immediately if at any time they begin dispensing CDS in or into Maryland. Pharmacies that knowingly fail to report to the PDMP could receive a civil fine of \$500 per incident.

Instructions

If your pharmacy is an in-patient hospital pharmacy or “waiver” pharmacy providing services to assisted living, comprehensive care and developmental disabilities facilities as noted above, complete Section I and Section II in the form below. You do not need to complete Section III.

If your pharmacy does not stock or dispense CDS and would like to be excused from the PDMP registration requirement, complete Section I and Section III below. You do not need to complete Section II. Please note that only pharmacies that are registered with the DHMH Division of Drug Control (CDS permit) and the federal Drug Enforcement Administration are required to register with the PDMP. There is no need to complete this form if your pharmacy is not DDC and DEA registered.

Once completed, please sign and date the form and send it to the PDMP at the DHMH Alcohol and Drug Abuse Administration using one of these methods:

Scan and email (preferred): dhmh.pdmp@maryland.gov
